Go "Green" with e-Statements!

Still waiting by the mailbox for your monthly statement?

Sign up for e-Statements and get access to your statements several days earlier than with traditional mailed paper statements. We'll even send you an email message to let you know when your statement is available online. It's like having a personal assistant to help you keep track of your incoming statements! Then, at your convenience, you simply log on to "it's me 247", view your statement and confirm transactions. You choose whether you want to file the statement electronically or print it off.

By using e-Statements, you save the credit union the cost of printing and mailing- savings that are passed on to you as a member-owner. It's easier on the environment as well.

To find out more, stop by the credit union.
